# Seven Principles for Healing

When we suffer with wounded soul, it affects our thinking, which in turn, influences every area of our lives, such as our finances, relationships, decision-making, which in turn keeps us prisoners in our minds.

The price has already been paid for our freedom and victories and God wants His children free from the torments of their past. So, He recorded in His word, principles and promises that, when followed by faith, will set His children free and teach them how to live a life of victory.

God won't force anyone to be set free—the choice is ours to make and when we do, Father God will walk with us on our journey to spiritual healing.

Jesus came to earth to set the captives free—choose today to make the decision to allow Holy Spirit to restore your wounded and hurt soul.

# Seven Principles For Victorious Living

## Your Story—The Past

1

Five horizontal light blue bars for writing.

## Your Offender's Story (Your Hurt)

Five horizontal light blue bars for writing.

## The Truth

2

Five horizontal light blue bars for writing.

## Prayer & The Word

3
